General Information

Overview:

The Psychology Technicians main priority is to aid staff and students with learning and research. We do this by offering a wide variety of support services from room-bookings to psychology specific software support. The Technician Team consists of four members of staff; 1 Senior Technician and 3 part-time Psychology Technicians. Together we have a broad range of knowledge which allows us to provide advice for many research and technical issues.

Online Materials:

@psychtechnician

The Technicians tweet technical tips, news and events.

Heather Shaw
Psychology Technician

Software Support:

We provide support on specialist software such as:

SPSS

In addition, videos that are produced by the Technicians are available

on our YouTube Channel:

<https://www.youtube.com/channel/UCXS8ReVy6s0T2esk2nuykVA>

The Technicians guides, learning materials and resources are available on our blog site:
<http://psychlabs.blogs.lincoln.ac.uk>

I.T Facilities:

The Psychology Department has two main I.C.T labs (on the 2nd Floor) which are used only by Psychology Students. When no teaching is happening, students often use these rooms to study in as the Library can get very busy. There is a printer available on the floor, along with computers which have specialist Psychology software installed on them.

Colour Printing:

In special circumstances the technicians can print a page off for you in colour, i.e. if you have graph in your research report.

Room Bookings:

Students can book rooms for research and academic purposes, i.e. to arrange study group. You can request to book a room by going onto **Blackboard** > **Psychology Subject Site** > **Psych Room Bookings** > **Student Bookings**, or can access the booking system directly through this link: <https://arba.lincoln.ac.uk/roombooking/Account/Login?ReturnUrl=%2froombooking>. If the room you would like is unavailable, or you would like to book the I.T labs or staff labs, please email the Psychology Technicians.

Equipment Loaning:

The technicians have a wide range of equipment you can borrow/use:

- Blank CD's/DVD's
- Voice Recorders
- Button Boxes
- Scientific Calculator's
- Laptops (Limited availability)
- Video Camera's
- Headphones
- Slide Show Clicker's
- Camera's
- And loads more!

Psychometric Tests:

We have a library of over 300 Psychometric tests that can be borrowed for your undergraduate research.

Additional Services:

The technicians also:

Authorise late lab access (after 6 o'clock).

Update notice boards.

Have a binding machine.

Build experimental equipment.

Repair/replace faulty or damaged equipment.

Provide experimental setup guidance and assistance.
